President Message

Dear members,

I thank all members for participating actively in ASI HD events. We are conducting academic activities every month specially targeting Postgraduates. Please come in time and participate in large numbers.

I request all the members to send articles so that we can print in the e-bulletin. In the month of June we are conducting a CME that is on Saturday 15th June, 2019. Please participate in large numbers.

Thanking You,

Yours sincerely

Dr.Vijay Kamat
President, ASI HD

From Editor/Secretary Desk

**"Earth produces enough to satisfy every man's needs,
but not every man's greed. "**

Dear members,

We observed World environment day on the 5th June to spread awareness, to encourage people to take action and to protect the environment. The current theme focused on

Air pollution.

We can't stop breathing but we can do something to improve the quality of the air we breathe. Be it biking, car pooling or taking the public transport.

Quitting smoking and use of tobacco products is another great way to reduce air pollution and improve our lung health. This is in resonance with the World no tobacco day's focus, "tobacco and lung health" observed on 31st May worldwide. Smoking leaves an unseen scar, it fills your insides with toxins and tar. Be brighter, put down the lighter

Thanking You,

Yours sincerely

Dr.S.Y.Mulkipatil
Secretary, ASI HD

BRAINY QUOTE

**If a country is to be corruption free
and become a nation of beautiful
minds, I strongly feel there are
three key societal members who
can make a difference. They are the
father, the mother and the teacher.**

**Science is a beautiful gift to
humanity, we should not distort it.**
