SECRETARY'S REPORT 2017-18

Respected Chief Guest Dr.Dilip Gode,President ,Association of Surgeons of India, Dr.T. Durganna, Chariman, KSCASI, ,Dr.Dayanand Nooli Chairman Elect,KSCASI, Dr.Lingaraju Organizing Chairman KSCASICON 2018, Dr.Devaprasad Organizing Secretary, KSCASICON 2018, Dr.M B Patil, Hon.Treasurer, KSCASI EC members, National EC members, Dear delegates & faculty, Senior Surgeons, dignitaries, invitees, members of the press, fellow surgeons and my dear students,

It gives me immense pleasure to stand before you all and give this secretary's report for the year 2017-18

The KSCASI is a very vibrant chapter of ASI with the latest membership strength of 2113 surgeons i.e Third highest in India and 18 city branches. With 45 medical colleges coming up and more PGs are trained, I am sure our strength will go up further and our strength is in remaining united thro' this wonderful organization - ASI

During the year 2017 the KSCASI has done very well academically; number of workshops and continuing surgical education programs were held across the length and breadth of the state.

The 35th annual conference held at Belagavi during Feb 2017 under the leadership of Dr S S Shimikore and Dr Manoj Togale was a just great and we all had a wonderful time.. We thank wholeheartedly the Belagavi ASI Members for such a wonderful conference and they have also contributed Rs 1 lakh to the

state chapter. I request Dr.Shimikore & Dr.Manoj Togale to come and receive bouquet from our Chief Guest.

The academic programmes were held in ASI city branches of Bangalore, Hubli, Bijapur, Bagalkot, Bellary, Tumkur, Shivamoga, Vijayanagar etc. There were many operative workshops and basic Surgical skill courses. The Bangalore branch is a very large branch with more than 800 members and conducts excellent activities including the hugely popular week long CSE and state level quiz programs. I would like to compliment Dr Rajashekhar Reddy ,Dr Usharani & whole team of Bangalore for conducting excellent program flawlessly .

The Bagalkot, Mysore, Hassan-Chikamagaluru, Bijapur, Shivamoga Branches are very active and conduct monthly clinical meets very regularly and high quality academic activities. The Bagalkot branches also have conducted health camps, Blood donation camps and public education programs. I don't think no other state has so many active branches and that too with such a high academic quality. The Hubli-Dharwar ASI Branch has conducted theme based clinical meetings successfully throughout the year and has conducted AMASI skill course for the first time in north Karnataka which was a huge success under the leadership of Dr Ishwar Hosamani & Dr K .G Byakodi. I request the city branches to keep a record of all the academic activity and report them every month. Dr.Jaspalsingh Tehalia has been coordinating with all branches regularly and we have designed a fixed protocol system which needs to be followed by all the branches to avail the State Chapter Grants. I sincerely thank Dr Jaspal for such a wonderful job.

Shrinivas, Dr Ashok P Savadatti ,there biodata was read & were honoured with all the grandeur .

The KSCASI has to travel a long way in better functioning and co-ordination. In this direction we introduced lot of changes during the last two years:

1. The transactions of KSCASI are now paperless and cashless

2. The website is revamped and we have an EC member Dr Ramakrishna as in charge of website. We are trying to put all relevant information in it.
3. We are also stopping separate website for annual conference and now onwards it will be thro' KSCASI website
4. All conference paper submission are paperless & thro' website
5. The annual orations are thro' a transparent process of inviting nominations and criteria adopted.
6. Better communications with EC members & Branch office bearer's thro' Whats App groups. Whats App is a powerful tool.
7. One EC member Dr Jaspal Singh is co-ordinating& communicating the activities of city branches. The tenure of all city branches is made uniform from January to December.
8. The ladies wing of KSCASI is active & is co-ordinated by Dr. Naaz
9. The revamping of scientific program of annual conference is underway. The election to office bearers is streamlined.
10. Standardized format to follow to get KSCASI Grants framed.
11. With the help of keystone medical services Pvt Ltd who are our official E Secretariat partner we are going paperless and maintain the data online. We are also sending regular SMS alerts to all KSC-ASI Members. From now onwards we will start our communications through official KS-ASI Email to all the members.

Still there is lot to achieve and accomplish for our branch. Improvement is a continuous process. I wish the next team of KSCASI lead by Dr.DayanandNooli all the very best and I am sure they will have a glorious tenure.

I thank all the members for being very co-operative with me. Very special thanks to the organizers of this conference, who left no stones unturned to make this event a grand
