

Surgical Society of Bengaluru ASI City Branch (R)

Wish you a very happy and a prosperous New Year 2018

Activities Report – July to November 2017

The monthly clinical meetings (MCM) were all held at the central location, API Bhavan except for the Command hospital MCM. In all MCM post graduate teaching sessions were conducted from 6.30 pm. The attendance for the teaching needs to be improved. This was followed by poster presentation and free paper presentations. The clinical meetings were all excellent with good quality scientific papers and well attended. Apart from these MCM the society was associated with many other programs;
