

# KSC~ASICON \* 2018

Dear delegates,

Warm Welcome to all. Hassan is a vibrant city with unique combination of Science, Spirituality and Sculpture. It boasts of very pleasant weather and places of tourist destination. There are many places of interest around Hassan like, M C F, Chikmagalore, Shravanabelagola, Sringeri, Belur and Halebbedu and so on. Master Control facility is the only satellite control system for all satellite launching programmes. Many spiritually auspicious places like Shravanabelagola, Sringeri, Horanadu, Dharmastala and Kukke Subramanya all very close by. Sculptures in Belur and Halebbedu are well known and worth visiting atleast once. Family members can have a very nice outing. Since we have a medical college you can expect a feast of knowledge.

Revive your knowledge,

Rejuvenate your energy,

Relax and enjoy,

**Welcome to Hassan, KSC~ASICON\*2018, feb-2<sup>nd</sup> to 4<sup>th</sup> 2018**
